25X1

1. There was no flying at the ALTENBURG (N 51/K 27) airfield between 30 September and 3 October 1949. Local flying with position lights was done by DC-3s from 6 p.m. till midnight on 4 October 1949 in clear weather and with full moon. Thirty-four DC-3s were parked in three groups on the north and northeast edges of the field on 5 October 1949.

Comment:

The report confirms the occupation of the field by an air transport regiment. This regiment is estimated at about 40 LI-2s. From the three groups in which the aircraft were parked it is assumed that the regiment is composed of three escadrilles.
